PROFESSIONAL

Foundations in Self Governance

(3 hours/In-Person, Live-Online or Self-Paced)

Tuition: \$40 per student/Self-Paced \$25

This is our original Foundational Civics course. Students will learn basic Government Structures, understand concepts of Power, System, and Control, and identify jurisdictional boundaries and controls.

History of Self Governance

(3 hours/In-Person, Live-Online or Self-Paced)

Tuition: \$40 per student/Self-Paced \$25

This class will examine how various concepts and practices of individual, relational, and societal self-governance have developed over time, its successes and limitations, and its ongoing relevance in modern societies.

Systematic Politics: The Evolution of Cooperation

(3 hours/In-Person, Live-Online or Self-Paced)

Tuition: \$40 per student/Self-Paced \$25

This course explores the evolution of systematic politics in the U.S., from pre-Civil War abolitionism and post-war social science convergence to the early 20th-century Progressive movement's alignment with social science. It examines how the Progressive agenda, presented as non-partisan and scientific, drove significant structural changes in the U.S. government.

Partisan Politics: The Evolution of Polarization

(3 hours/In-Person, Live-Online or Self-Paced)

Tuition: \$40 per student/Self-Paced \$25

This course explores the evolution of the American political system, beginning with George Washington's Farewell Address and the formation of the party system. It covers key developments such as the emergence of the Democratic and Republican parties, the impact of the Civil War on politics, the rise of the Progressive Party, and the transformation of partisan politics from the 1950s to the present.

Poli-Ticks: Living a Politically Disease-Free Life

(3 hours/In-Person, Live-Online or Self-Paced)

Tuition: \$40 per student/Self-Paced \$25

This course introduces the foundational concepts of politics, distinguishing between personal and impersonal politics, as well as partisan and systematic politics. It also covers the basics of government structures and explains how government decisions impact individuals on a personal level.

School Government

(2 hours/In-Person or Online)

Tuition: \$40 per student

This is a two hour overview of *school government* structures, as defined by your state constitution and laws, that affect your educational stakeholder responsibilities.

City Government

(2 hours/In-Person or Online)

Tuition: \$40 per student

This is a two hour overview of *city government* structures, as defined by your state constitution and laws, that affect your local stakeholder responsibilities.

County Government

(2 hours/In-Person or Online)

Tuition: \$40 per student

This is a two hour overview of *county government* structures, as defined by your state constitution and laws, that affect your *political participation and influence* at every level of government.

Regional Government

(2 hours/In-Person or Online)

Tuition: \$40 per student

This is a two hour overview of *regional government* structures, as defined by your state constitution and laws, that affect your *regional* stakeholder responsibilities.

State Constitution Classes (Online/Live)

(4 classes/2 hours each)

The state constitution study program exposes the student to 1) the state's organization of control between elected, appointed, and employed governing; 2) distribution of power between the departments of state government; and 3) the legal subdivisions within the state.

Tuition: \$40 per student per class

Optional state-specific workbook is an additional fee.

- 1. Introduction to Your State Constitution:** Learn your State's connection to the U.S. Constitution, the creation of Your State's Constitution, and its Preamble and Article 1.
- 2. Legislative Department:** Learn the structure and operation of your State's Legislative Branch.
- 3. Executive Department:** Learn the structure and operation of your State's Executive Branch.
- 4. Judicial Department:** Learn the structure and operation of your State's Judicial Branch.

BLOCK 1: Introduction to Systematic Politics

(3 hours/In-Person or Online)

Tuition: \$75 per student; Workbook included

Prerequisites: Completion of CSG Apprentice Certification

This course aims to help students understand the self as the foundation for influencing others, view politics as a routine and non-negative human activity, and see government as a system for managing relationships. It also covers the evolution of government boundaries, the shift from Dual to Cooperative federalism in the U.S., and applies these concepts to real-world situations through practical exercises.

BLOCK 2: Competitive Systematic Politics

(3 hours/In-Person or Online)

Tuition: \$75 per student; Workbook included

*Prerequisites: Intro to Systematic Politics &
Training Exercise Completion*

This course aims to explore how abolition, social science, and Progressivism before and after the Civil War contributed to the development of Systematic Politics and the Marble Cake Revolution in U.S. governance. It also examines the mid-20th century creation of Systematic Politics, its infrastructure, and the shift from Layer Cake to Cooperative federalism, with practical applications through training exercises.

BLOCK 3: Advanced Competitive Systematic Politics

(3 hours/In-Person or Online)

Tuition: \$75 per student; Workbook included

*Prerequisites: Competitive Systematic Politics
& Training Exercise Completion*

This course examines the influence of abolition, social science, and Progressivism on the development of Systematic Politics and the Marble Cake Revolution in U.S. governance. It also delves into the mid-20th century creation of Systematic Politics, the shift to Cooperative federalism, and applies these concepts through practical exercises.
